### **The Day That You Found Me** (Mike Weaver, Dave Gillette, Jay Weaver)

I saw three AM come and go again  
Another sleepless night, thanks to living my own way  
All my great ideas, I've regretted most of them  
But that was back long before the day

When I saw a flash of light and I heard the sound  
Of a voice like thunder shake the ground  
It was the first time I remember ever feeling my heartbeat  
And the arms that gripped me felt like grace  
And I realized in their embrace  
To be held so tight  
I've never felt so free  
Also know as the day that you found me

My whole life has changed ever since the day You came  
The way I see, the things I want, it's everything  
Some may call it strange, I don't care what people say  
I knew You were the only way

I've never known a love like this  
You've captured my heart and You brought the sweetest  
Peace to my life, brought me into the light  
Now I'm all Yours, Jesus, draw me into You

I don't think that I could ever be the same  
Who would want to be anyway

### **What Life Would Be Like** (Mike Weaver, Don Chaffer)

I wish I was more of a man  
Have you ever felt that way  
And if I had to tell you the truth  
I'm afraid I'd have to say  
That after all I've done and failed to do  
I feel like less than I was meant to be

What if I could fix myself  
Maybe then I could get free  
I could try to be somebody else  
Who's much better off than me  
But I need to remember this  
That it's when I'm at my weakest  
I can clearly see

He made the lame walk and the dumb talk  
He opened blinded eyes to see  
That the sun rises on His time  
Yet He knows our deepest desperate need  
And the world waits while His heart aches  
To realize the dream  
I wonder what life would be like if we let Jesus life thru you and me

What if you could see yourself thru another pair of eyes  
What if you could hear the truth  
Instead of old familiar lies  
What if you could feel inside  
The power of the hand that made the universe You'd realize

All our hearts they burn within us  
All our lives we've longed for more  
So let us lay our lives before the one who gave His life for us

### **We Want the World to Hear** (Chris Kuti)

Eternal King, we bless Your Name  
For You were and You are, forever You will be  
Praised in this place  
And Lord our hearts are yielded  
We give them only to You God

There is none righteous  
There is none worthy  
There is none Holy but You the King  
I will live my life to sing of Your wonder  
To shout of Your glory so creation will hear God  
We want the world to hear

Oh sovereign King this heart is free  
From the death that I was born into  
You put Your Grace out on display  
And in response I can help sing Your praise God

Hallelujah we sing  
Hallelujah we cry  
Hallelujah we're living for Your Name, Jesus

Hallelujah we sing  
Hallelujah we cry  
Hallelujah we're living for You

### **Revive Us Again** (Arranged by Mike Weaver)

We praise You oh God for the Son of Your love  
For Jesus who died and is now gone above  
We praise You oh God for Your Spirit of Light  
Who has shown us our Savior and scattered our night

Hallelujah Thine the glory  
Hallelujah, Amen  
Hallelujah Thine the glory  
Revive us again

All glory and praise to the Lamb that was slain  
Who has born all our sin and has cleansed ever stain  
Revive us again, fill our hearts with Your love  
And may our souls be rekindled with fire from above

Hallelujah, Hallelujah, Hallelujah, Amen

### **Blue Skies** (Mike Weaver, Jay Weaver, Andy Cloninger)

Yesterday's forecast called for rain and I  
Found all my so-called friends to be fair weather kind  
Looking for shelter I was standing out in my pain  
That's when You came and You changed everything

Cause April showers bring may flowers like  
only You turn my darkest hour into

Blue skies, blue skies  
Not a cloud over head in my life  
When it's grey out I don't mind  
Cause I've got blue skies  
On the inside

Tossed about upon the stormy sea I swayed  
Scared to death not at the wind but what I heard You say  
It's not every time Your hand the wind will stay  
Sometimes Your calling me to walk out on the waves

My perception should be a reflection not of what my eyes see but  
what Jesus tells me

I'm not sayin' I won't ever have a problem  
Sometimes life's gonna rain on my parade  
But if I know that You're right here with me then  
Why should I worry, why should I be afraid

Outside when the rain is pourin' all around  
I don't have to let it get me down

### **Another Day In Paradise**

She calls out to the man on the street  
Sir, can you help me  
Its cold and I've nowhere to sleep  
Is there somewhere you can tell me

He walks on, doesn't look back  
He pretends he cant hear her  
Starts to whistle as he crosses the street  
Seems embarrassed to be there

Oh think twice, its another day for  
You and me in paradise  
Oh think twice, its just another day for you,  
You and me in paradise  
...Just think about it

She calls out to the man on the street  
He can see she's been crying  
She's got blisters on the soles of her feet  
Cant walk, but she's trying

Oh think twice, its another day for  
You and me in paradise  
Oh think twice, its just another day for you,  
You and me in paradise

Oh Lord, is there nothing more anybody can do  
Oh Lord, there must be something you can say

You can tell from the lines on her face  
You can see that she's been there  
Probably been moved on from every place  
Cause she didn't fit in there

Oh think twice, its another day for  
You and me in paradise  
Oh think twice, its just another day for you,  
You and me in paradise (x2)

Think about it  
Just think about it  
Won't you, won't you please

It's another day, for you and me in paradise  
It's just another day for you and me in paradise  
It's another day for you and me in paradise  
It's just another day for you and me in paradise  
In paradise (x4)

### **Right With You** (Mike Weaver, Andy Gullahorn, Jay Weaver)

I was with her we were talking over dinner just the other night  
When had quite the fight, me and my lovely wife  
Arguing over position neither one of us would listen to the other  
side  
A gross display of pride about who was wrong or right

But now it all seems silly  
When we know what's important really

It's okay, it's alright if I don't get my way tonight  
Just as long as I'm right with you

### **Falling Into You** (Mike Weaver, Jeff Jones)

You say, "Don't worry"  
I say, "I'll try not to,  
But it seems like I'm just pre-disposed"

You say "Just trust me"  
I say, "I'd love to but  
I keep having trouble letting go"

What I've got might not seem like much  
But I'm scared of losing it all  
I'm standing on the edge of so much more  
And I'm about to take the fall

I'm falling into You  
And all Your mysterious ways  
Draw me into You  
And Your unfailing grace  
This is the end of me

### **From Here** (Mike Weaver, Mark Schultz)

My child, I've hoped and I've prayed for this very day  
Since you were just a little one  
And oh how my heart swells with pride  
As I watch the man that you've become  
But this life offers no guarantees  
And though my time on this earth had to end  
I'm sure that your heart would know peace  
If you could just see where I am

From here, the race has been run and love's already won  
I see clearly the end and the start  
From here, I'm cheering you on  
So live out each breath with all that you've got  
And know until I hold you close  
I'll be holding you dear in my heart  
From here

I was standing looking out across the canyon between You and I  
A million miles too wide for me to reach the other side  
In deep depression broken over my rejection I failed to realize  
To my great surprise, You'd paved a way with Your own life

I accept the invitation  
To become Your new creation

It's okay, it's alright if I don't get my way tonight  
Just as long as I'm right with You  
Either way we'll be fine if we leave this pride behind  
Just as long as I'm right with You

My heart is willing but this flesh is weak  
It's like I'm paralyzed by what I think I know  
I'm waiting on You to come and rescue me  
But it's up to me to let you have control

What I've got might not seem like much  
But I'm scared of losing it all  
I'm standing on the edge of so much more  
And I'm about to take the fall

This is where I end this is where You begin  
This is where I end

I'm letting go of me  
I'm trusting You to be all that I need  
I'm letting go of me and falling into You

I've seen your tears as you've waited alone  
Longing for that special one  
And now all the waiting is done  
As you gaze into her eyes  
Seeing the reflection of love  
Life's road may seem rough up ahead  
And for now you see only in part  
So hold onto each other and know  
That there is an end to the dark

Heaven is calling and my heart keeps longing  
Looking so forward to the day  
When we'll be together forever in eternity  
Just you wait and see

## **Just Like Jesus (Mike Weaver)**

Hiding out in this cave for better than forty days  
Don't know how much more cause it's been just that long  
Seasons came and they've gone but still I remain  
So sick of singing the same sad song

When the foundation's already been laid  
Now all that's left for me to do is to choose to embrace following  
You

Stepping out from the old into the new  
I'll be following right here behind You  
You set me free to be myself but  
The me in Your heart looks  
Just like somebody else

Wasted years of my life worried over how  
I could ever meet such expectations  
But none of my former fears seem to matter now  
That who I am is found within Your Son

My identity has been replaced  
Bought with Your blood  
I am completely covered by Your grace  
To walk by faith

Stepping out from the old into the new  
I'll be following right here behind You  
You set me free to be myself but  
The me in Your heart looks  
Just like somebody else

Stepping out from the old into the new  
I'll be following right here inside You  
Who I was just don't mean much  
When the me in Your heart looks just like Jesus

I don't want anything from this life that You don't want for me  
I don't want anything from this life that You don't want for me  
I don't want anything from this life that You don't want for me  
So won't you come and make me into just who You want me to be
